

Continuous Wrist Strap Monitor

FEATURES:

This monitor continuously monitors the users connection to ground to ensure static sensitive devices are not damaged by electrostatic discharge. Any breaks in connection will be instantly indicated through a warning lamp and alarm.

The device is suitable for all personnel as it measures the body's resistivity. It can also be pre-set to cater for personnel.

- Approx. Size: 57 x 60 x 27 mm
- No checking required
- Instant warning of wrist strap failure
- Highly reliable
- Small and easy to handle
- Economical price
- Versatile as can be used with any wrist strap with a banana plug
- Includes PSU
