

Bandolier Brass Shims

TECHNICAL DATASHEET

DESCRIPTION

Bandolier brass coloured shims are non-adhesive pure brass shims providing a secure and reliable connection when joining together splice carrier tape.

Quick and easy to use, single brass shims provide a safe and reliable way to join reels together ensuring a precise secure join between the two tapes to help increase production. Can be used on all SMT pick and place feeders.

Used with our Semi-Automatic Splice Tool eliminates the handling of individual shims making splicing up to 10 times faster.

TECHNICAL SPECIFICATIONS

PROPERTIES	RESULT
Copper content	92.24%
Hole location	11 pcs

VARIATIONS

SKU	SIZE (MM)	SIZE (IN)
029-1044	26 x 86	1 x 3.4

FEATURES

- Increases SMT pick and place machine output
- ROHS compliant
- **Quantity:** Sold in box of 4,000 shims (25 shims per frame/20 frames per pack/8 packs per box)
