

**PRODUCT**

# Pink antistatic bubble bags

ANT004PABB

For packaging non ESD items within an ESD protected area.

**FEATURES**

- Blow moulded with antistatic additives from LDPE and LLDPE
- The sealed air bubble offers superior cushioning and shock proof function
- Standard colour: Pink, but can be custom made in different colours and sizes according to clients requirements (MOQ applies)
- Soft texture and flexible material
- Manufacturing method: Two layer extrusion with calender roll to thermoform bubble
- Does not generate a static charge

**CONFIGURATION (S)**

Our bags are available in custom sizes or in several industry standard sizes. Bags are offered heat sealed along the three edges and provided with a low static 30mm peel and seal lip.

This product is amine free to ensure its compatibility with other materials frequently used in the electronics industry electronic devices.

**NOTES**

Different levels of electrostatic discharge protection are required for different electronic devices
